

Oil From Ships Sticks Up Ducks On Jersey Shore

(Special to The Evening World.)
CAPE MAY, N. J., March 1.—Horse Corson of Cape May Point was walking along the beach to this city when he picked up a wild duck that could not fly because of a thick accumulation of oil on its wings. He said others at Cape May Point had

wild ducks they had found in like condition. This oil is from steamers that dump their tanks at the entrance to the Delaware Capes. All seaside resorts from Sandy Hook to Cape May will unite in an appeal to the Government to have the Bureau of Navigation stop this oil dumping, which, it is feared, will destroy fishing.

Soft shell crabs, which usually are washed up at this season, have not appeared, and it is believed oil has killed them. Scientists say that the dead whales that have been washed ashore of late were killed by oil.

John Wanamaker

The Glorious AMPICO—now \$1050

Same upright model that has been \$1250

Immediate delivery, upon payment of a small sum, balance monthly in amounts easily arranged. Used pianos taken in part exchange.

There is only one AMPICO

It is the same incomparable miracle of music whether it makes its home in the CHICKERING, the SCHOMACKER, the HAINES BROS., the MARSHALL & WENDELL, or the celebrated KNABE piano.

This particular instrument, which we offer now, for the first time, at \$1,050, is the AMPICO-in-the-MARSHALL & WENDELL piano. It is shown in the above illustration, drawn from the instrument itself in the Wanamaker Piano Salons.

It brings into the home:
—classical music of the concert stage.
—dance music which sets hearts and eyes and feet in rhythmic motion.
—accompaniments for the voice—the best songs may be sung in the home under the best auspices.

The masters who have played for the AMPICO have given to their work the very best that was in them, inspired by the knowledge that they were playing for generations of lovers of good music. The AMPICO holds and reproduces this playing eternally the same. Every playing of the AMPICO is an exact reproduction of the original.

The AMPICO may be played

in any home served by electricity, whether direct or alternating current. When you wish to play it select the music roll you want, put it in place as you do the rolls of a player-piano (very simple), lock it in place by the turn of a lever, start it by the turn of another lever, then go and sit down in your easy chair and listen to the kind of music you usually travel long distances to hear, but can hear at home only through the AMPICO. Or, turn to your partner, and dance to music which will make you forget the orchestras along the Great White Way.

AMPICO Grands, \$1,975 to \$4,000

The WANAMAKER Piano Salons are the exclusive distributors in Greater New York of the AMPICO-in-the-CHICKERING, the AMPICO-in-the-SCHOMACKER, and the AMPICO-in-the-MARSHALL & WENDELL, and share with one other house the privilege of distributing the AMPICO-in-the-HAINES BROS., and the AMPICO-in-the-KNABE. The price of each of these instruments is fixed, and not subject to change. Any of them may be purchased on convenient terms.

Broadway, cor. Eighth

John Wanamaker

If the Weather Does Not Happen to Be Good

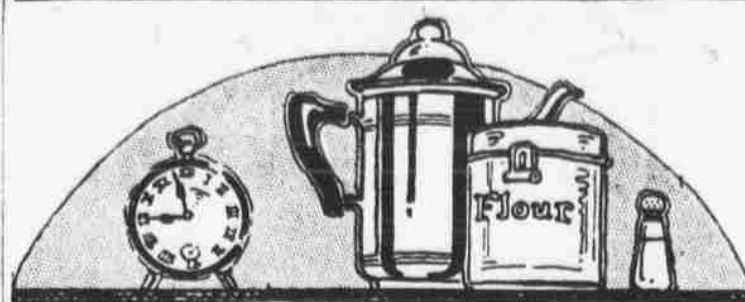

for my work today it's good for some other man's and will come around to me tomorrow, has been often said by all of us to each other, just as Charles Dickens said in one of his speeches long ago: "To think hard, work constantly and make the best of things as they come along, be they good or bad, resolutely determined not to be discouraged, come what will, we will surely arrive at a comfortable landing."

You may pass through fire and not feel scorched.
